Create

# CREATE A PASSWORD

1. Create a new password for your local MetaMask extension
2. You will need to re-enter your password on each relaunch

# BACKUP YOUR SEED PHRASE

The screenshot shows the Metamask 'Secret Backup Phrase' screen. It features the Metamask logo and title at the top. Below the title, there is explanatory text about the backup phrase's purpose and a warning. A large dark button with a lock icon and the text 'CLICK HERE TO REVEAL SECRET WORDS' is prominent. To the right, there are 'Tips' and instructions on how to store and memorize the phrase. At the bottom, there are two buttons: 'Remind me later' and 'Next'.

 METAMASK

## Secret Backup Phrase

Your secret backup phrase makes it easy to back up and restore your account.

**WARNING:** Never disclose your backup phrase. Anyone with this phrase can take your Ether forever.

[CLICK HERE TO REVEAL SECRET WORDS](#)

Remind me later    Next

**Tips:**

Store this phrase in a password manager like 1Password.

Write this phrase on a piece of paper and store in a secure location. If you want even more security, write it down on multiple pieces of paper and store each in 2 - 3 different locations.

Memorize this phrase.

[Download this Secret Backup Phrase and keep it stored safely on an external encrypted hard drive or storage medium.](#)

1. Click on the dark area to reveal your secret recovery phrase
2. Write down and store your secret recovery phrase in a safe place
3. Never disclose your recovery phrase to any third parties
4. Please make sure to understand all the details before proceeding

# CONFIRM SECRET

1. Click the buttons in the respective order of your secret phrase
2. Once done, the "Confirm" button should turn blue in colour
3. Click "Confirm" and proceed
